There are some things you just know from deep inside you about a special dog. You know that this dog has exceptional talent. "Ready" was the only red girl from a second frozen breeding of "Autumn" ex "Trouble." She was ahead of her time from birth and started her yardwork early. Since I live in a state with a cold climate and I am not retired, I knew that she needed to go south. Arrangements were made for Ready to go south on a late winter trip when she was a little over a year of age. Lyn Troy completed her yardwork and transitional work and took her to a win in Derby at Tallokas Retriever Club. She was also one bird away from winning a huge Qualifying stake in 2012. Ready is quite at home in the kennel but she becomes a tiger once she is in the holding blind. One of her pups sired by FC AFC; Can FTCH AFTCH OTCH TNT's Explosion UD OS FDHF; Can WCX placed 2nd in his first Derby at 15 months. Ready is a major stakes dog and will continue down that path.
