

WILDFIRE'S BAD HAT HARRY MH

Sire: Bailey's Kash N Time MH WCX**
Dam: Wildfire's Tee For Trouble
Whelped: June 23, 2008
Breeder: Owner
Owner: Roselyn R. Wilson, Montgomery, MN

"Tank" completed his Master title June 11, 2011, at the Madison Retriever Club under the watchful hand of Brian Hartfield of Webshire Kennels. Another big "thanks" to all who helped Tank to this title. !

Wildfire primarily breeds and raises field Golden Retrievers that make their way to some of the best hunting areas in the country. A waiting list of family hunting Golden Retrievers make my job one of joy. It takes many years of breeding to breed a balanced field Golden Retriever that is content on the couch with his family but when the gun comes out or he gets the scent of a bird, he turns on to compete competitively at any field event and at any level with any breed. My girls are as strong as my boys; that is the only way to develop and maintain the strong field bred Golden Retriever that is healthy and lives into its teens.
